FUTURE DAYS

9. -10. 10. 2025, LANGENLOIS

PROGRAM

Together direction future: This event is intended to bring together young and experienced international perennial gardeners, company owners and, in particular, successors of perennial companies, everyone who is interested in future topics. We want you to meet, share and laugh in the chilled atmosphere of the Gartenbauschule, the training center of austrian horticulture professionals in Langenlois .

It is not just about lectures, it is about exploring the potential of collaboration. Let's take the opportunity to share know-how, establish personal and business relationships and step forward to the future that is ahead of us.

FUTURE DAYS

9. -10. 10. 2025, LANGENLOIS

EXTRA DAY

This Program is designed so participants can see and learn from three different horticulture businesses in the area of Lower Austria. All three nurseries are very different:

Hameter Stauden is a wholesale operation that is part of the German "Stauden Ring". They produce all perennials organic and work with many landscape businesses but also garden centers.

Praskac is a family nursery of 150 years. Their focus is not only on perennials but also woodies. During the tour at Praskac we will learn about their perennial division.

Oberleitner Gartenkultur is a smaller perennial retail business that has a beautiful show garden where all customers can see the usage of perennials. Their highlight are big Hemerocallis collection.

SATURDAY 11TH OCTOBER
